FARMERS TRUSTED BRAND

AGRISCOPE PRODUCTS LLP
FARMERS TRUSTED BRAND

Agriscopce Products LLP. is ISO 9001:2015 certified crop protection manufacturing company from India having register office in Mumbai, Maharashtra while factory is located in chemical industrial park of Panoli, Gujarat.

The company produces Insecticide, Fungicide, Herbicide, Biological Products, Plant Growth Regulator, Metal Phosphide & Silicon based Spreader /Sticker.

We have complete manufacturing facility to produce different grade of advance formulation such as **SG, WDG, DF, CS, ZC, SC, FS, EW, WP, EC, SP, GR, ULV, SL, DP, ME, FC ,TB , OD** & are specialized in providing tailor –made new formulation based on customer demand .

We have good structure of talents which including professional chemical technicians apart from that we have advance agrochemical production devices, manufacturing techniques, perfect monitoring & testing methods.

Based on both scientific research & manufacturing integration, we also have long term & stable cooperation with well-known organization in technique & trading.

Company can provide complete registration file with GLP Data as per country requirement.

Agriscopce is a Global Company and is presently exporting to various markets of Africa , South America, Asia, CIS & Middle East.

Relying on sincerity & credibility percept, talking the spirit of “Quality & Company coexistence, living with credibility product, reaching international standard”, holding the idea of “Honesty” & Truthfulness”, we positively participate into the development of new agrochemicals & chemical intermediates. We are & we will as always supply products with best quality at reasonable price for buyer all over the world. We are willing to join hands with agrochemical industry friend to cultivate for a better future.

MISSION :

**Brining welfare for
Humanity through
Scientific &
Technological
Innovation.**

VISION :

**Become an
agriculture chemical
enterprise with
strong international
competitiveness
& influence.**

CORE VALUE :

**Be faithful
& Professional**

Technical with Minimum Purity :-

INSECTICIDE

- Acephate Technical 97%min
- Alphacypermethrin Technical 97%min
- Cypermethrin Technical 93%min
- Clothianidin Technical 96%min
- Deltamethrin Technical 98%min
- Ethion Technical 95%min
- Fenvalerate Technical 95% min
- Lambdacyhalothrin Technical 95%
- Malathion Technical 95%min
- Profenophos Technical 95%min
- Permethrin Technical 93%min
- Phenthoate Technical 95%min
- Quinalphos Technical 70%min
- Thiamethoxam Technical 97%min

FUNGICIDE

- Captan Technical 95%Min
- Fluazinum Technical 95%min
- Folpet Technical 95%min
- Hexaconazole Technical 92%min
- Propiconazole Technical 95%min
- Prothioconazole Technical 98%min
- Thiophanate Methyl Technical 95%min
- Trifloxystrobin Technical 97.5%min

HERBICIDE

- 2,4 D Ethyl Ester Technical 97%min
- 2,4 D sodium salt Technical 94.5%Min.
- Chlorimuron Ethyl Technical 95%min
- Diuron Technical 98%min
- Flufenacet Technical 95%min
- Metribuzin Technical 95%min
- Pendimethalin Technical 95% & 97%(Flake)
- Prosulfocarb Technical 97%
- Thiobencarb Technical 96%
- Triclopyr Acid Technical 98%min

OTHER SPECIALIZED TECHNICAL

- Mepiquate Chloride Technical 95%min (PGR)
- Chlomequate Chloride 98.8%min (PGR)
- Piperonyl Butoxide 92%min (PBO)
- Cloquintocet Mexyl Technical 98%min
- BIT(1,2-Benzisothiazol-3(2H)-one)85%min
- Isophorone Technical 99%min

AEROSOL TECHNICAL

- Transfluthrin Technical 94%
- D-Trans Allethrin
- Esbiothrin Technical 93%min
- Prallethrin Technical 90%min
- Propoxur Technical 92%min

Upcoming Product :-

INSECTICIDE

- Betacyfluthrin Technical 95%min
- Diafenthiuron Technical 97%min
- Dinotefuran Technical 97%min
- Flubendiamide Technical 95%min
- Pyriproxfen Technical 97%min
- Thiacloprid Technical 97%min
- Tefluthrin Technical 95%min
- Theta-cypermethrin Technical 95%
- Zeta-cypermethrin Technical 95%
- Ziram Technical 95%min

FUNGICIDE

- Cymoxanil Technical 98%min
- Difenconazole Technical 95%min

HERBICIDE

- Aclonifen Technical 97%min
- Clodinafop Propargyl Technical 95%min
- Pretilachlor Technical 97% min
- Sulfentrazone Technical 95%min
- Propanil Technical 97%min

Formulation Product :-

- Aluminum Phosphide 6%,15%,56%57%,77.5%GR,Tablet
- Magnesium Phosphide 56%

METAL PHOSPHIDES

FARMPHOS	KILLER	FARMRAT
Aluminium Phosphide 56% Tablet /Pellet –Most Effective Fumigant for Post –Harvest Protection	Zinc Phosphide 80% WP	Aluminum Phosphide 6% Pellets – New approach to Control Rat inside Burrows
Farmphos is widely used as fumigant for the control of various stored products, insect & pests in different storage structures like silos, warehouses, containers, food processing plant & feed & foodmills. It is also used for storage of different food commodities, animal products & non food commodities like tobacco.	Killer is most effective chemical for the control of rodents that causes significant damage to wide, range of crop area & different allied sector	Farmrat pellet are used for controlling rodent & other vertebrates in burrows/tunnels.
Farmphos sachet is used for fumigating farm stored commodities .	·Single dose, fast acting rodenticide	·Single 12gm tablet is recommended for each live burrow
	·Broad spectrum rodenticide for control of vertebrates	·Effective against all stages of rodents in burrow
Dosages- 10gm per 1 metric ton stored commodity in air tight condition	·Popular brand name among farmer	·Phosphine has high rate of diffusion: it spread evenly & rapidly in burrow
	·Approved by agriculture dept. & agriculture university	·Easy to apply & cost effective save time, labor expenses & extra efforts to prepare bait & its application in the field
Available in following pack:	Available in following pack:	·Rat dies in the burrow & gets buried inside burrow
		·Safe for the environment
Domestic :	Domestic :	
Farmphos Tablet :1kg Pack	Killer Sachet : 10gm pouch	Dosage- 12gm disc per burrow under field conditions
Farmphos Sachet: 10gm & 34gm Pouch	Killer Tins: 100gm & 500gm	
	Killer Drum: 50kg	Available in the following packs:
Export:		
Alu Flask packing: 30gm,90gm,1kg & 1.5kg	Export:	Domestic /Export:
	Killer Sachet : 5gm & 10gm pouch	Farmrat Pellets: 10 tablets, 20 Tablet pack
Tube packing : 10,20,30 tablets	Killer Tins: 100gm, 500gm & 1kg	
	Killer Drum: 25kg & 50kg
